

Visage

Radiant Toner

Visage Radiant Toner by THREE is a refreshing and vitamin-rich toner that enhances your skin's natural communication processes through Quorum Sensing technology, ensuring your complexion is primed and ready for the next step in your skincare regimen.

Key Benefits

- Formulated to help maintain the skin's natural pH balance, which can be disrupted by cleansing.
- Helps remove residual impurities after cleansing, ensuring the skin is thoroughly clean and prepared for Visage Super Serum.
- Helps reduce the appearance of pores by removing excess oil and dead skin cells, promoting a more even-looking and refined texture.
- Provides intense moisture, helping skin stay dewy and refreshed throughout the day.

Quorum Sensing Technology

Quorum sensing is a natural biological process that enables cells to communicate, maintaining balance and promoting overall skin health. In Visage Radiant Toner, Quorum Sensing Technology supports your skin's ability to respond to subsequent skincare steps, helping create a foundation for optimal results.

Enhanced Communication

Just as cells communicate through quorum sensing, the Visage Collection works in harmony with your skin's natural processes.

Optimized Absorption

Visage Radiant Toner ensures your skin is ready to fully benefit from the serums and moisturizers that follow.

Balanced Microbiome

Visage Radiant Toner helps support the natural balance of your skin's microbiome to improve the overall effectiveness of your skincare regimen.

High-Performing Ingredients

Allantoin

Enhances skin's moisture retention, providing a smoothing effect that visually minimizes the appearance of aging.

Niacinamide

Known for its ability to enhance skin tone and overall radiance, making it a valuable addition to any skincare routine.

Beta-Glucan

Provides soothing and hydrating benefits while supporting the skin's natural barrier.

Vitamin C

Enhances skin's appearance by giving a brightening effect, supporting collagen production, and providing antioxidant support against environmental stressors.
