TAIWAN POWER UP PACKS

TERMS & CONDITIONS

- When a Brand Ambassador (BA) purchases a Power Up Pack, the Power Up Volume is placed based on the following criteria:
- Existing Downline Volume (Last 52 Commission Weeks):
- If a Brand Ambassador has had any binary volume within the past 52 commission weeks, the Power Up Volume will be allocated on the side with the highest total cumulative binary volume during that period.
- No Downline Volume (Last 52 Commission Weeks):
- If a Brand Ambassador has had no binary volume in the past 52 commission weeks (e.g., a newly enrolled Brand Ambassador), the Power Up Volume will be placed on the common leg—the leg shared with the upline.
- Note: Once a new BA generates binary volume, any subsequent Power Up Volume will follow the standard allocation rule, being assigned to the side with the highest cumulative volume over the last 52 commission weeks.
- To view which side your Power Up Volume will be placed upon purchase of a Power Up Pack, see your Business Snapshot in your Back Office.
- Power Up Packs are available for purchase until 08/10/2025 11:59pm MT / 08/11/2025 at 1:59 HKT, or while supplies last.
- Power Up Packs are available for purchase in the Back Office.
- New enrollments must enroll as a Brand Ambassador with 100 CV or more and activate their account before they can purchase the Power Up Packs in the Back Office.
- Power Up Packs are limited to 3 per pack per account and are not available for returns, refunds, or exchanges. All sales are final.
- Power Up Packs are not transferable to another Brand Ambassador. Power Up Volume will only be awarded to the account under which the Power Up Pack was purchased.
- No CV will be earned on free product.
- PIB not included.
- The company reserves the right to monitor and identify any irregularities and reallocate Power Up Volume to the opposite leg to maintain integrity and fairness within the THREE Financial Rewards Plan.
- The awarded Power Up Volume will show on your Visual Tree and Business Snapshot in your Back Office.
- If any THREE Brand Ambassador is awarded cycles through Power Up Volume, the uplines will not be eligible to receive Leadership Matching Bonus generated from Power Up cycles.
- A Cycle can not be earned using only Power Up Volume. New Volume is required on one leg in order to use Power Up Volume from the other leg. In addition, New Volume will always be used for cycle calculation before Power Up Volume.
